

The Royal Flying Doctor Service Australia's 3rd Largest Airline

A luncheon address by

Dr Brian Wheeler
Volunteer
RFDS Central Operations

In 1928 the Rev. John Flynn's dream became reality with the formation of the Australian Inland Mission Aerial Medical Service later to become the Royal Flying Doctor Service.

Brian, with his many years' experience in RFDS operations and knowledge on flying will give a special insight into:

- The history of the RFDS and why and how it was established.
- RFDS growth to its place as the world's leading aeromedical organisation.
- The services RFDS Central Operation offers and the need for help from all Australians
